

5389

Full-Season Yield Leader with Outstanding Weathering

- Late, tall, semi-closed, red hybrid with the unique ability to be used as a grain and/or forage
- Outstanding exertion and head-type give this hybrid a unique field appearance
- Very good weathering
- Excellent stress tolerance

Maturity
Full
Days to Mid-Bloom
73

Product Features

Agronomic Characteristics			
Seedling Vigor	2	Stalk Quality	3
Plant Height	3	Tillering	5
Grain and Head Type			
Grain Color	Red	Head Type	3
Exertion	3	Uniformity	2
Drydown	3	Test Weight	2
Weathering	2	Greenbug Resistance	C
